

WHY PACE AMERICAN IS BETTER

THE MOST RECOGNIZED NAME IN CARGO TRAILERS

For almost two decades the Pace American name has been synonymous with heavy-duty, commercial-quality enclosed trailers. Our race and cargo trailers look better, work harder, last longer and are worth more at trade in time than any other brand. For work or play, Pace is the #1 choice.

MORE SIZES AND STYLES

With Pace you can have it your way! We offer trailer sizes ranging from 5' x 8' to 8.5' x 52', three distinct body styles, 11 standard color choices and an almost unlimited selection of options. No matter what your task, we will build a trailer that perfectly meets your exact needs and personal tastes.

OUR PEOPLE MAKE THE DIFFERENCE

Building the best requires the very best materials, a superior design and skilled craftsmen who care about your satisfaction. Every Pace American employee works hard to exceed your expectations. You demand the best and Pace delivers!

A REAL WARRANTY AND PRODUCT SUPPORT

Your trailer warranty is only as good as the company who backs it. With Pace American, your trailer is protected with a REAL, honest, fast and fair 3-year warranty. Unlike others, Pace warranty claims are satisfied in days, not weeks. We continue to stand behind every trailer we build.

A NATIONWIDE NETWORK OF DEALERS

With over 400 authorized Pace American dealers from coast-to-coast and Canada, you can rest assured someone will be there for you if a problem should arise. Most dealerships stock parts and offer trailer service and maintenance. Pace doesn't leave you stranded.

PARTS AND SERVICE

With a policy that includes the 24-hour shipping of parts to you or your dealership and a quality dealer parts stocking program, you can take satisfaction in knowing a problem, should it arise, will be taken care of. Go out on the road with confidence.

AFFORDABLE VALUE AND BRAND NAME RESALE

Owning the best costs very little more than the other lesser brands. True value is not just the purchase price, but rather what your trailer will cost you to own and operate over the long haul. Better construction, attention-to-detail, expert and prompt customer service, and higher resale value at trade-in time all add up to more bang for your buck.
